I. PURPOSE / DESCRIPTION

A Special Consultant is a professional, exempt, temporary employee who has extensive, demonstrated experience in a particular area or specialty in which services are required for a defined period of time. CalPERS retirees may only be appointed as temporary "extra help" appointments during an emergency to prevent stoppage of public business or to perform work of limited duration. Retirees may not be appointed to vacant permanent part-time or permanent full-time positions, even if the hours worked will not exceed 960 hours per fiscal year.

- The work performed by a Special Consultant is non-bargaining unit work, i.e., the work is not covered by a CSU Classification included in a collective bargaining agreement
- The Special Consultant is paid at a daily rate for the number of days worked in a month.
- Appointment as a Special Consultant shall not exceed one year or overlap fiscal years.

Special Consultants must be certified as eligible to work under the provisions of the Immigration Reform and Control Act (IRCA). They are covered by workers' compensation and unemployment insurance through the University. They do not accrue benefits such as sick leave, vacation, health and dental benefits, or accumulate seniority points. Special Consultants participate in a University retirement plan and contribute to Medicare. If the Special Consultant is an active member of the California Public Employees' Retirement System (CalPERS), deductions will be taken for Social Security. If the individual is not a retired CalPERS annuitant or active member, s/he will be placed in the State of California Part-time, Seasonal and Temporary (PST) retirement plan. PST is a 457 defined benefit plan administered by the Savings Plus Program.
