The health of your teeth and gums is part of a bigger picture: your overall wellness. Gum disease is associated with a number of systemic conditions, and people with certain chronic conditions may benefit from additional periodontal (gum) cleanings. That’s why your dental plan offers expanded coverage if you have been diagnosed with diabetes, heart (cardiovascular) disease, HIV/AIDS, rheumatoid arthritis or stroke (cerebrovascular disease).

Get preventive care without hitting your maximum

Thinking of skipping a cleaning? Think again. With Delta Dental’s Diagnostic & Preventive Waiver, when you visit a Delta Dental PPO™ dentist, you can get your diagnostic and preventive care without affecting your maximum. You’ll keep your mouth healthy — and save benefit dollars for when you really need them. The Diagnostic & Preventive Waiver does not apply if you visit a Delta Dental Premier® or non-Delta Dental dentist.

What services are included?
Diagnostic and preventive dental services may include routine exams, cleanings, x-rays and related treatments as defined by your dental plan.

How does it help me save?
The cost of exams, cleanings and x-rays can add up. Without the Diagnostic & Preventive Waiver, these procedures would eat into your maximum. With the waiver, you’ll have more of your maximum left over. That can help you cover expensive treatment down the road.

Save with PPO

Although you can visit any licensed dentist, you’ll save the most when you choose a dentist in the Delta Dental PPO network.¹ These dentists have agreed to reduced fees, and you won’t get charged more than your expected share of the bill.²

If you can’t find a PPO dentist, Delta Dental Premier dentists offer the next best opportunity to save. Unlike non-Delta Dental dentists, they have agreed to set fees, although your savings may be less than with a PPO dentist.

When you visit a PPO dentist, your diagnostic and preventive services (like cleanings and exams) will not count towards your maximum. This waiver helps you save benefit dollars for when you really need them. This benefit does not apply if you visit a Delta Dental Premier or non-Delta Dental dentist.

To find a PPO dentist or check which network your dentist belongs to, visit deltadentalins.com/csu.

Set up an online account

Get information about your plan anytime, anywhere by signing up for an online account at deltadentalins.com/csu. This free service lets you check benefits and eligibility information, find a network dentist and more.

Coordinate dual coverage

If you’re covered under two plans, ask your dental office to include information about both plans with your claim, and we’ll handle the rest.

Understand transition of care

Did you start on a dental treatment plan before your PPO coverage kicked in? Generally, multi-stage procedures are only covered under your current plan if treatment began after your plan’s effective date of coverage.³

Be Network-Savvy
Understand the difference between Delta Dental Premier® and Delta Dental PPO™

You can visit any licensed dentist and receive coverage under your plan, but you’ll usually save the most when you choose a PPO dentist. If you can’t find a PPO dentist, Premier dentists are your next best bet. Here’s how the dentist networks compare.

<table>
<thead>
<tr>
<th></th>
<th>PPO</th>
<th>Premier</th>
<th>Non-Delta Dental</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Reduced fees</strong></td>
<td>PPO dentists have agreed to reduced fees. These are usually lower than Premier fees.</td>
<td>Premier dentists have agreed to reduced fees. Premier fees are usually not as low as PPO fees.</td>
<td>There’s no fee agreement, so your dentist can charge any amount.</td>
</tr>
<tr>
<td><strong>Stretch your maximum dollars</strong></td>
<td>Diagnostic and preventive services (like cleanings and exams) don’t count toward your annual maximum. This waiver helps you save benefit dollars for when you really need them.</td>
<td>Your maximum dollars may go further than with a non-Delta Dental dentist, but not as far as with a PPO dentist. Diagnostic and preventive services also count toward your annual maximum.</td>
<td>Higher fees add up, so you may reach your annual maximum sooner. Diagnostic and preventive services also count toward your annual maximum.</td>
</tr>
<tr>
<td><strong>No balance billing</strong></td>
<td>Your dentist can’t charge you above his or her accepted fee. So if your plan covers 50% of a procedure, you’ll owe only the remaining 50%.¹</td>
<td></td>
<td>There’s no cap on how much your dentist can charge you. If you get billed for an amount above the maximum plan allowance, you will be responsible for the difference.</td>
</tr>
</tbody>
</table>

¹ This assumes no maximums or deductibles apply. You are responsible for any applicable deductibles, amounts over your plan maximum and charges for non-covered services.
How can I tell if my dentist is in the Premier or PPO network?
To find out which network your dentist is in, enter his or her name in the Find a Dentist search at deltadentalins.com/csucsu. You can also call your dental office to confirm. Ask whether your dentist is a “contracted Delta Dental PPO (or Premier) dentist.”

What if my dentist is in both the PPO and Premier networks?
If you visit a dentist in both networks, you’ll enjoy all the advantages of the PPO network.

Can I ask my dentist to join the PPO network?
Visit deltadentalins.com/recommend to recommend your dentist for the PPO network. Although the final decision is still up to your dentist, your encouragement may be just what he or she needs to make the leap. You can also ask about PPO network participation at your next appointment.

I’m looking for a new dentist. Which network should I pick?
To save the most on dental expenses, choose a PPO dentist. You’ll get a higher rate of coverage, reduced fees and a maximum that stretches further. You can search for a PPO dentist at deltadentalins.com/csucsu.
